For questions and additional support about accurately identifying the correct Fleetrite part number for hoods and bumpers, call or email the Fleetrite Collision Parts Support Hotline.

This dedicated hotline is ready to answer questions, provide technical advice, and help to identify the correct hoods and bumpers for the application.

When calling the hotline, please have the following information available:

- Vehicle Information: year, make and model
- Contact Information: name, company, phone and email

1-888-390-6221

**QUESTIONS:**

Is the OEM part number listed below? If yes, please continue with Fleetrite hood number listed. If not, please answer these questions.

What is the make, model and year?
1. What is the length of the hood? Measured straight down the center to the grille opening.
2. Is the windshield flat or curved?
   - Curved windshields: see below
   - Flat windshields: see next page.
3. Does the hood have external air breathers?
4. Does the hood have full or short fenders?
5. How many bolt holes for the hinge mounting?

Additionally: Request a picture of the inside of the hood to differentiate inner reinforcements (see images below).

Use the information gathered above to select the appropriate part from the specifications below.
